

Transformation Pt 8: Knowing Your Value, Notes Page

Premise: Does Gods efforts to help and bless you stop at the salvation of your soul... Or is the salvation of your soul just the beginning of what God has made available for you as you serve Him.

1 - We don't clean up our life before coming to God

A - While we were still sinners...

What do you think would happen if we, as the church, made the conscious choice to stop talking to people about about the sin in their life... And instead began to talk to them about the availability of grace...

Matthew 11:28-30

B - A Continuing Process...

Ephesians 2:1-5

Salvation is a choice we make that starts the journey. How well we do in the journey depends greatly on our willingness to pursue opportunities to grow.

2 - ...How Much More...

A - What do you think your limitations are...?

Romans 5:10

If God is willing to go through all of that trouble to save the souls of an unworthy sinner...What do you think He can do with the life of a willing servant...?

B - One way to do this is to: “Learn to speak life...”

What are the things that you speak to yourself...???

Do you speak words of life into your dreams and desires... or do you speak words of death...???

Do you constantly remind yourself of what you are no good at...? Do you constantly speak words of life into your dreams and desires...?

3 - Open Yourself Up To The Seemingly Impossible

A - Are you open to the possibility that God can call you, equip you, and empower you to do the things that you think are impossible in your life..?

Ephesians 3:14-21
