

The Tithe, Part 2, Giving With The Right Heart

Intro:should we allow the failures of flawed people keep us from the material blessings and promises of God.

---

---

---

Think on this: *The Bible is Gods word... ~ It is the timeless example for all believers - in all time - about all things... It promises us healings, provision, and direction for how to live a God honoring life... and we believe it... It teaches us how to find salvation, eternal life, and the forgiveness of sin through a relationship with Christ... and we believe it... So... why is it that we are so easily de-railed when it comes to the tithe? Why would we allow the bad choices of others keep us from the blessings that are promised to those who Tithe?*

1 - It's A Heart Issue

A - Mine, Mine, Mine...

---

---

---

B - One of the most common reasons I have been given over the years as to why people either don't, or have stopped giving is "I can put my money to better use than the church can".
